Mediant Communications Enhances Its Fund Services Proxy Solutions

**Offers Unparalleled Full-Service Proxy Solution Designed Exclusively for Mutual Funds,
Alternative Investments and Insurance Firms**

New York, September 14, 2016 — [Mediant Communications](http://www.mediantonline.com), an investor communications solutions provider to banks, brokers, corporations, and mutual funds, announced it has significantly expanded its portfolio of full-service proxy solutions and staff under its growing Fund Services division. The announcement marks Mediant's continued strategic focus as a leading provider of investor communications and technology solutions for the financial industry.

"We are delighted to offer our enhanced proxy solutions to meet the communications demands of funds," said Arthur Rosenzweig, Mediant's CEO. "This underscores our commitment to providing clients with new opportunities for innovation and savings, improved relationships with shareholders and safeguarded regulatory compliance."

Mediant's Fund Services will manage all aspects of the meeting and proxy event for mutual funds, insurance companies, and alternative investments. This expanded solution portfolio features integrated, intelligent technologies that provide unprecedented transparency into all shareholder communications and comprehensive service offerings including:

- Dedicated proxy campaign solicitation management
- Advisory consulting
- Thorough data analysis and vote modeling
- Broker search and proxy package distribution
- Critical milestone coordination and scheduling
- Monitoring of all proxy mailings and key account vote status
- Comprehensive, online tabulation reporting
- Vote certification and inspector of election services

To accelerate the growth of this Division, Mediant is opening a new office location in the Boston area and has brought on a team of experts, with extensive knowledge in proxy solutions for funds, to support Mediant's expanded portfolio. Most recently, this team was with Boston Financial Data Solutions where they built and led a similar fund service.

"We are very pleased to have this experienced team join Mediant," says Sherry Moreland, Mediant's COO. "This expansion strengthens Mediant's unwavering commitment to providing funds with next generation solutions to meet their evolving business needs now and in the future. The powerful combination of Mediant's MIC technology platform and this team's unmatched project management skills surrounding all facets of the meeting and proxy event, uniquely positions Mediant as the leading provider of choice for mutual funds, insurance companies and alternative investments."

Mediant's MIC technology platform integrates events, documents, and account information across all investor communications services—including proxy, corporate actions, prospectuses, mutual fund reports, bankruptcy and material event notices, statements and trade confirms—and offers online access to investors, financial advisors, institutional investors, financial printers, and operations managers at brokers and banks.

About Mediant Communications

Mediant Communications is an investor communications solutions provider to banks, brokerage firms, corporations and investment companies for processing and distributing proxy materials, prospectuses and other communications to equity, bond and mutual fund investors.

Established in 2002, Mediant is a pioneer in both front-office and back-office software for document processing and delivery for brokers and banks. Mediant also provides annual meeting management, distribution and tabulation services for corporate issuers. Mobular Technologies, a Mediant subsidiary, is a leader in document-management and communications software.
